ABOUT THE MONTH OF JUNE

Rick Banas

On June 10, 1752, Benjamin Franklin discovered electricity while flying a kite in a lightning storm.

Social worker Julia Lathrop was born on June 29, 1858 in Rockford, Illinois. She fought for the establishment of child labor laws and was instrumental in getting the first juvenile court established in the U.S.

Jeanette Rankin, the first woman elected to the U.S. Congress, was born on June 11, 1880.

Composer and lyricist Cole Porter was born on June 9, 1893 in Peru, Indiana. He published his first song at the age of 10. He wrote the songs for such Broadway shows as “Anything Goes,” “Kiss Me Kate.” and “Something for the Boys”. Peru is city located about 70 miles north of Indianapolis. It serves as the county seat for Miami County and touts itself as the Circus Capital of the World.

On June 9, 1934, Donald Duck made his debut.

The largest amphibious landing in history known as D-Day began in the early morning hours of June 6, 1944.

On June 18, 1983, Sally Ride became the first woman from the U.S. to venture into space. The physicist and pilot was aboard the space shuttle Challenger.

On June 16, in the year 600, Pope Gregory the Great issued a decree saying that “God Bless You” is the proper response to a sneeze.

June is designated as Men’s Health and Cataract Awareness Month. Men’s Health Month is a time for encouraging men to take care of their physical and mental health. Cataracts are the leading cause of vision loss in the United States. According to the National Eye Institute, more than half of all individuals who are 80 years of age or older either have cataracts or have had surgery to remove cataracts.

June 15 is World Elder Abuse Awareness Day. Elder abuse frequently goes undetected and is under reported. It transcends all socioeconomic, ethnic, racial, groups and genders.

What does the end of the Public Health Emergency for the COVID-19 Pandemic Mean?

Deborah Denham RN, MSN, CPPS, CPHRM

Does the end of the Public Health Emergency mean that COVID-19 is over? It means the strict regulatory guidance has been modified in light of a decrease in overall death and hospitalization related to COVID-19 illness.

To put this pandemic in perspective, the following information reflects some of the causes for all the restrictions and measures put in place during the Public Health Emergency.

Date at height of that Wave of COVID-19	# of new Deaths/wk
4/18/2020	17,201
1/9/2021	25,974
9/4/2021	15,493
1//22/2022	21,324
4/29/2023 (current)	714
Overall total deaths in the U.S. during the Pandemic	1,127,928

Date at height of that Wave of COVID-19	# of New Hospitalizations/wk
1/9/2021	115,480
8/28/2021	85,785
1/15/2022	150,674
1/7/2023	44,422
5/6/2023 (current)	9,455
Overall total hospitalizations during the Pandemic	6,143,551

The World Health Organization (WHO) has indicated a cumulative of 6,927,378 deaths worldwide from COVID-19. Examining how vulnerable the residents are from an age perspective, the people aged 65 years or older made up 16.5 % of the general population but had 75.9 percent of the deaths from COVID-19.

With all that information, the CDC and State Health Departments were able to decrease some of the measures necessary to keep people safe. Vaccination and updated boosters are still the most effective preventative measure for hospitalization and death. The COVID-19 virus is not going away but being added to infection control measures already in place in Assisted Living/ Supportive Living communities. We do expect people to have the virus from time to time and that they will spread it to others, just like the flu. But the measures we have in place for isolating people that are positive for COVID-19, intermittent testing for COVID-19 if you had an exposure and for intermittent mask wearing if there is an outbreak in a community is far less restrictive than the measures that were in place prior to the COVID-19 vaccination.

Recipe Corner Key Lime Cream Pie

- 1 pkg. pecan shortbread cookies, crushed (abt. 2 cups)
- 1/3 cup butter, melted
- 4 cups heavy whipping cream
- 1/4 cup confectioners' sugar
- 1 tsp. coconut extract
- 1 package 98 oz.) cream cheese, softened
- 1 can 914 oz) sweetened condensed milk
- 1/2 cup key lime juice
- 1/4 cup sweetened shredded coconut, toasted
- Optional: Maraschino cherries with stems and sliced key limes

Directions

1. In a small bowl, mix crushed cookies and butter. Press onto bottom and up side of a greased 9-in. deep dish pie plate. In a large bowl, beat cream until it begins to thicken. Add confectioners' sugar and extract; beat until stiff peaks form. In another large bowl, beat cream cheese, condensed milk and lime juice until blended. Fold in 2 cups whipped cream. Spoon into prepared crust.
2. Top with remaining whipped cream; sprinkle with toasted coconut. Refrigerate until serving, at least 4 hours. If desired, add garnish with cherries and limes.

Welcome Dave & Elaine!

A Note from the Executive Director—Kim Kersmarki-Ponta

The Bardwell family is growing and we could not be more thrilled about that! It's been so nice to have our first independent living residents on campus and settled into their new homes. Every day there are activities, great meals, and plenty of social opportunities. We are also very excited to welcome our first assisted living residents this month. We've welcomed a few pets as well! If you are hesitant about making the move because you have beloved pets, we want you to know they are welcome here. At Bardwell our residents always come first, no matter what. We make that commitment to you and your family. I am so honored and excited to be a part of this community and I look forward to all the years to come.
