From the Desk of the CEO

Rod Burkett

Just when I felt my newsletter column this month would not revolve around COVID, I ended up testing COVID positive a few weeks ago. I started having some flu-like symptoms, and I ended up having a positive test on the second day after Illinois lifted the mask mandate. My symptoms seemed to resemble a bad case of the flu for 2-3 days, and then my symptoms diminished each day thereafter, with a full recovery around day 10.

I had been fully vaccinated with the Moderna vaccine, including the booster. From everything I have read and researched, since I have had an apparent break-thru Omicron case, I should have now developed a fairly high level of antibodies that should provide me with significant protection for the near future. Having said that, I still will be at the front of the line if/when the CDC recommends a 4th vaccine dose for the 65+ population.

Even though I spent the last 2 years adhering to all protective protocols and best practices, I'm not really surprised that I ended up with an Omicron case, since it is so contagious, and since I spent a few days in a part of the country that was experiencing a "high-level" of transmission. I am definitely grateful that I didn't end up positive until after I had been fully vaccinated and 'boostered', and I am further thankful I didn't progress beyond moderate symptoms.

My mindset now is switching to "new beginnings".....we are beginning to see that we are in the management phase of the pandemic. While COVID will still need to be monitored and responded to as a serious infectious respiratory disease, it should not create lockdowns and consume our focus like it did 2 years ago. We are also witnessing the return of chirping birds, more daylight, warmer temperatures, and green sprouts emerging from the ground as new beginnings.

Happy Spring everyone....enjoy it as a new beginning!

IN THE NEWS

All About April

Rick Banas

April 29 is National Zipper Day in honor of the day in 1851 when Elias Howe applied for a patent for the Continuous Clothing Closure, now known as the zipper.

On April 21, 1878, President Rutherford B. Hayes and First Lady Lucy Hayes began the tradition of holding an annual Easter Egg Roll on the White House Lawn on Easter Monday.

On April 8, 1879, milk was sold in glass bottles for the first time in the United States. Up until then, milk was sold in bulk, with sellers dispensing milk into jugs, pails or other containers supplied by customers.

On April 24, 1908, Mr. and Mrs. Jacob Murdock, along with their three children, a mechanic and a friend became the first people to travel across the United States in an automobile. They drove their Packard from Los Angeles to New York City, a distance of nearly 3,700 miles. It took them 32 days, five hours, and 25 minutes.

Twinkies hit the market on April 6, 1930. They were invented by a baker in Schiller Park, Illinois. The first Twinkies had a banana filling.

Ray Kroc opened the first franchised McDonalds on April 15, 1955 in Des Plaines, Illinois. The architectural design featured a red and white tiled building with Golden Arches. First day sales totaled \$366.12.

A year later, on April 25, 1956, Elvis Presley had his first number #1 hit on the Billboard Pop Singles Chart with "Heartbreak Hotel." The song included a guitar solo by Chet Atkins.

Legislation was signed into law on April 1, 1970 that banned cigarette advertising on television and radio in the United States. Just a few decades earlier, especially during the 1930s and 1940s, cigarettes were touted as being good for you. Pitchmen included doctors, dentists and stars of movies and sports.

April reportedly is the best time of the year to look up to the sky to view meteor showers.

April is Parkinson's Disease Awareness Month. Parkinson's Disease is a degenerative disorder of the brain. Symptoms generally develop slowly over years. The cause is largely unknown. A cure has yet to be discovered. Treatment options vary and can include medication and surgery. For more information, you can visit the Parkinson Foundation's website at www.parkinson.org or call 1-800-4PD-INFO 1-800-473-4636.

WELLNESS

The Health Benefits of Spring Cleaning

Deborah Denham RN, MSN, CPPS, CPHRM

Many people are familiar with the ritual of spring cleaning. My grandmother used to wash all the walls every spring. I always thought this was a waste of time as, in my youth, the walls did not appear dirty. As an adult, I now see the accumulation of a life well lived on the walls when I do my spring cleaning.

Many of you take advantage of the cleaning services offered in your community. What a joy to have help now. You deserve it! There is still some spring cleaning that you can participate in that offers many benefits.

A good decluttering always helps wellbeing. Pick an area a day or week to focus on. Maybe it is a dresser. Empty out each drawer and clean it then refold the items you need and wear and put them back in. If anything is ripped or stained, it might be the time to let it go. If you have the opportunity and need, resale shops like Goodwill have wonderful pre-loved clothes that you can use to replace those that have served you well.

The bathroom is always a good spot for a spring freshen up. Throw or give away the items you keep around because it was a generous gift, but you hate the smell and will never use it. (That is a hard one, your granddaughter meant well when she gave you the salted caramel smelling lotion, but it does not translate well from an ice cream Sunday to hand lotion.) Replace worn out toothbrushes, hairbrushes, and broken soap dishes. If you are able, put a spring colored or printed hand towel out.

I remember sitting at the breakfast table on wall washing day with my grandparents. The windows were open, and the birds were singing their little hearts out. My grandmother hushed us and put her hand to her ear and pointed outside indicating we should listen. We did and then my grandmother said that the birds were calling my grandfather. We listened and looked at her for clarity. She then translated for us, “cheap, cheap, cheap”. Oh, my goodness, what a great laugh we had. I still think of the laughter when I hear robins calling out in the spring.

Spring cleaning produces endorphins which reduce stress levels, improves your ability to sleep, and boosts your overall mood. Welcome spring with a refreshed living space and a fresh outlook.

Recipe Corner

Air Fryer Twice Baked Potato

- 3 Lg. Russet Potatoes scrubbed clean
- 1 tbsp. extra-virgin olive oil
- Salt & pepper
- 1/4 c. (1/2 stick) butter, softened
- 1/4 c. milk
- 1/4 c. sour cream
- 1 c. shredded cheddar, divided
- 2 green onions, thinly sliced, plus more for garnish

Directions

1. Pat potatoes dry, Poke potatoes with a fork all over, rub with oil and sprinkle with salt. Place potatoes in basket of air fryer and cook on 400° for 40 minutes
2. Cutting lengthwise, cut a thin later off the top of ea. potato. Scoop insides out leaving a 1/2” border. Place insides in a bowl
3. In the bowl, add butter, milk and sour cream and smash until butter is melted in and mostly smooth. Add 1/2 cup of cheese and green onion. Season with salt and pepper
4. Fill potatoes with mixture and place in basket of air fryer. Top with remaining 1/2 cup of cheese. Cook at 400° until cheese is melted

LIFESTYLE

. . . . Connecting the Dots!

Covid has lessened and Residents, Families, and Volunteers are eager to engage in life once again! It is time to connect the dots to support the thriving lifestyle the Residents desire. Imagine the dots are people that will be connected to each other based on common interests and passions. Evergreen Village started connecting the dots face-to-face with the new Resident Services Coordinator, Sherri Ganka. Residents visited the display of activity possibilities during the noon meal on March 25th. Residents with common interests will be connected and this is evident on the April calendar. Activities such as poetry, cooking, gardening and Euchre have been added to the program. The absence of Covid at Evergreen Village allows us to open our doors to live entertainment again! We are seeking musicians to lead groups and perform. Please pass this opportunity onto your family and friends and have them call Sherri Ganka at EV.

New Staff:

- Abby Meadway
- Corey McKinley
- Leah Curtis
- Sherri Ganka

Please refer to the monthly calendar for the activities being offered, as they are changing! As the season changes, so will the activities.

Please refer to the flyers distributed around the facility and in the elevators.

Please try something new! That's the glory of retirement. It allows you to have time to engage in new activities, learn, meet new friends and invest in healthy living.

The Village In Action!

Stavin' Alive!

Loretta couldn't remain in her seat any longer when "Stavin' Alive" was playing during Drumming Exercise. She has come from a place of reduced mobility and has increased her strength in therapy and self-directed exercise in the Resident Gym.

Drumming Exercise will move to Wednesday, 10:30.

"Spring Training" has given residents the opportunity to swing a bat to those favorite baseball songs from past and present.
