From the Desk of the CEO

Rod Burkett

Recently, I was surprised and humbled to learn that I would be receiving the 2022 Jan Thayer Pioneer Award from the National Center for Assisted Living (NCAL).

NCAL describes the award as a recognition of individuals who have moved the senior care profession forward, positively affecting the lives of those served and those who serve. Recipients must demonstrate dedication, leadership, and considerable contributions to the profession. I am to receive the award at NCAL's annual convention in October in Nashville, Tennessee.

While it is a great honor to be named the recipient, I am accepting this award on behalf of our company's mission of increasing accessibility and affordability in the assisted living sector, and in honor of all our caregivers and support staff, our community Administrators, our leadership teams and our owner/investor groups that make our mission and passion come to life every day.

I am so proud that we have provided love, compassion, and dignity to more than 31,000 deserving residents over the last 23 years, and it's further gratifying to know that we have been inclusive and innovative in providing this compassionate care by serving those in small rural towns, in both blue collar and affluent suburbs, and in some of our nation's most challenged inner-city neighborhoods...all while being committed to serving seniors of all income levels.

Where once stood a corn field or a decaying urban building, our mission focused on turning that into a community of caring people that positively impacted thousands of lives. While I co-founded the company and helped it to grow, this award is dedicated to the thousands of caregivers who are the heart and soul of what we accomplish every day!

IN THE NEWS

ABOUT OCTOBER

Rick Banas

On Oct. 13, 1792, the cornerstone of the White House was laid by George Washington. Eight years later, President John Adams and his wife, Abigail, became the first occupants. The building was burned by British Soldiers during the War of 1812. It was rebuilt, enlarged and was ready to be reoccupied in 1817. Constructed of white-gray sandstone, the White House today has more than 130 rooms.

The Chicago Fire erupted on Oct. 8, 1871, destroying 17,500 buildings and taking the lives of more than 300.

In October 1908, the Model T went on sale for the first time. Henry Ford designed the car for the common man – affordable, simple to operate, and durable.

In October 1927, the film “The Jazz Singer” opened in New York. Starring Al Jolson, the movie was the first feature length film to feature spoken dialogue.

The Halloween episode broadcast on “*Mercury Theatre on the Air*” in 1938 incited panic among many listeners to the CBS radio station as they mistakenly assumed that the adaptation of “The War of the Worlds” directed and narrated by Orson Welles about a Martian invasion of New Jersey was actual news.

After 14 years of work, the Mount Rushmore National Monument in the Black Hills of South Dakota was completed in October 1941. The sculpture stands roughly 60 feet high and features George Washington, Thomas Jefferson, Theodore Roosevelt, and Abraham Lincoln.

On Oct. 14, 1964, Martin Luther King Jr. became the youngest recipient of the Nobel Prize. He donated the prize money to further the cause of the civil rights movement.

Halloween originates from a Celtic festival for the dead. The Irish Celts believed ghosts of the dead would roam the earth on this day so people dressed in costumes to hide from the ghosts and left treats outside their front door for the spirits.

The Irish also started the tradition of making jack-o’-lanterns for Halloween. They first used potatoes and turnips before finding that pumpkins were much easier to carve.

Pumpkin is incredibly healthy. It is a low-calorie food that is rich in vitamins, minerals and antioxidants that may help boost your immune system, protect your eyesight, lower your risk of certain cancers, and promote heart and skin health.

WELLNESS

OCTOBER 2022

Fall is here and the leaves are changing color. It's refreshing to feel the crisp air and watch the leaves change color.

Autumn brings so many seasonal opportunities.

The autumn decorations are unique in color and theme. Enjoy the seasonal offerings. Fill a bowl with pretty colored leaves and use as a center piece on the table.

It is also time to get out the sweaters and hats. Take a moment to sit in the afternoon sun, close your eyes and feel the cool air and the smell of nature preparing for winter.

Enjoy pumpkin everything! Coffee, muffins, and cheesecake. If you are not a pumpkin lover, it is all good. Apples are in season and can be included in room scents, desserts, main dishes.

Apples and pork are a delightful combination. When is the last time you had a caramel apple? They make these little cups of caramel to dip the apple in now, so much easier than a whole apple on a stick. (But I can make that work also.)

Review your stash of scarves, hats, gloves, and boots. Now is the time to refresh your supply or pick up items if you have the need.

Autumn also is the beginning of the holiday season. Family gatherings are so special, especially after the last couple years of so many cautions and restrictions. If you do not have family to go to, embrace your friends. They will appreciate the time and companionship.

Autumn is a time of reflection and appreciation. Of quietness and beauty. Allow a few moments to enjoy the season.

Recipe Corner

Pumpkin Mug Cake

- 1 egg
- 1/4 c. brown sugar
- 1/3 c. flour
- 1/4 c. canned pumpkin puree
- 1 Tbs. white sugar

“Autumn is a second spring when every leaf is a flower” – Albert Camus

Reading this quotation as we move into October, brings perspective on all the seasons we experience in this area. I love Summer and I have to say that I have mixed feelings on knowing it is time for the air to become crisper and the leaves to fall to the ground. I mentioned this to a resident, and they reminded me of all the beautiful colors that the leaves become before they fall to the ground. In that moment, I thought of this quotation and how perspective matters. I was sad about the changing seasons and really there is something in every season to admire. This realization of the power of perspective can be brought to everything in life and I want to thank that resident for reminding me of that. I’m not sure if they realized that a little conversation about the weather could bring about a deeper thought process but it did. We all have that power to remind ourselves about the good and the blessings that we experience every day. We have the power to make it a positive day by changing our perspective and seeing the good. This is the ability to understand and see what is important and what isn’t worth our time and energy. The capacity to reframe our thoughts and recite positive inner monologue to help us remind ourselves to view things and situations from a different perspective is something we all can do but we need a willingness to allow ourselves to have a good day and see the good in every day. We hold this power, and it is up to us, if we utilize it. I plan to do so, and I hope others will join me. I will always love the Summer season, it is my favorite, but now I can see the good in Autumn.

Reminders
