FROM THE DESKS OF THE CO-PRESIDENTS: JULIE SIMPKINS & GREG ECHOLS

We are continuing to highlight all of Gardant's teams that help guide our mission into fruition. Another group that plays a vital role in the Gardant organization is the ACT Team. The ACT team provides support to all Executive Directors and their teams.

An Executive Director plays a pivotal role that leads all community operations while providing care and safety to our resident population. Gardant leadership led by Rod Burkett, Chairman, identified a need to reduce Executive Director turnover while increasing retention and satisfaction. This led to the ACT Team that formed in October 2020. In the last three and a half years, the ACT Team and its various sub-committees have met as a group over 100 times. The ACT Team has presented at Executive Director Retreats, Staff Meetings, Holiday Parties, and Orientations.

The ACT Team was challenged to reduce Executive Director turnover by less than 20% each calendar year. In 2023, we nearly met the challenge that has only inspired us to push forward and achieve the optimal outcome continually. We've received a lot of support from Gardant and our peers and know we share in the successes found this far and will continue to see moving forward.

ACT Purpose Statement:

Your ACT Team is a collaborative, interdisciplinary team of leaders who are committed to serving community Executive Directors, alongside all key stakeholders through providing compassionate, intentional, and thoughtful support to ensure high-level outcomes and experiences.

If you wish to learn more about the ACT team you can email them at ACTemail@gardant.com

ABOUT THE MONTH OF MAY

RICK BANAS, VP OF DEVELOPMENT AND POSITIONING

On May 14, 1796, the smallpox vaccine was developed by Dr. Edward Jenner, using a new procedure of injecting a milder form of the disease into a healthy person to build immunity.

Flornce Nightingale was born on May 12, 1820. She received worldwide acclaim for her devotion to nursing, the development of modern nursing procedures, and emphasizing the dignity of nursing as a profession.

Wild Bill Hickok was born on May 27, 1837 in Troy Grove, Illinois, a village in LaSalle County, which is home to Heritage Woods of Ottawa, a Gardant-managed affordable assisted living community.

On May 21, 1881, the American Red Cross was founded by Clara Barton.

Irving Berlin was born on May 11, 1888. Although he could not read or write musical notation, he became one of our greatest song writers. Among his best known songs are “God Bless America,” “There’s No Business Like Show Business,” “Puttin on the Ritz”, “White Christmas”, and “Oh! How Hate to Get Up in the Morning.”

Frank Capra was born on May 18, 1891. He best known for the films “It’s a Wonderful Life” and “Mr. Smith Goes to Washington.”

On May 5, 1961, Alan Shepard became the first person from the U.S. to be launched into space.

Mother’s Day is May 12. Did you know that West Virginia was the first state to officially adopt the second Sunday of May as Mother’s Day.

May is Older Americans Month, Get Caught Reading Month, Barbeque Month, Salad Month, and Blood Pressure Month.

Nurses Week is the week of May 6 through May 12. Emergency Medical Services Week is the week of May 19 through May 25.

WELLNESS

NURSES WEEK

CHRISI KARCZ, VP OF CLINICAL SERVICES

Since 1896 the American Nurses Association (ANA) has promoted the Nursing profession. In 1953, recognition of Nurses Day was requested in the United States.

It was not until 1974 by Proclamation of the White House and President Nixon, National Nurses week was declared. National Nurses Week now begins every year on May 6 and ends on May 12, Florence Nightingale’s birthday. Florence Nightingale is known as the mother of Nursing.

According to Nursing and Midwifery Studies (2015), Florence Nightingale is the founder of modern and professional nursing. In 1854, during the Crimean war, Florence and thirty-eight other nurses went to assist British soldiers. Upon arrival, Florence used her mathematical knowledge to collect data regarding soldier deaths. She then implemented clean environments, clean water, and fruits, significantly decreasing soldier mortality with improved hygiene and reduced spread of disease.

In 1860, Florence established the first nursing school in the world guided by the following principles: Confidentiality, Building trust, Observation and Communication Skills. She wrote many books, the first “Notes on Nursing” in 1860 is the first book written on Nursing education. Nightingale is recognized for changing nursing to a respectable profession. She was known to be a great humanitarian and scientific figure.

Happy birthday, Florence Nightingale!
Please join us in recognizing our Nurses and Nursing staff across all communities who make a difference every day.
Happy national nurses’ week!

A NOTE FROM THE EXECUTIVE DIRECTOR

Paul Gallagher

May life at Prairie Winds is a harmonious blend of routine and cherished moments. The corridors buzz with the hum of residents engaging in various activities, from morning piano playing accompanying residents while enjoying breakfast to art sessions that unleash creativity. As spring blooms outside, the gardens are looked to as vibrant havens where residents look forward to tending flowers and sharing stories amidst the blossoms. The dining hall is not just a place for nourishment but also a hub of social interaction, where laughter intertwines with the aroma of freshly prepared meals. Technology bridges distances as families connect through a variety of means ensuring that love and support transcend physical boundaries. Amidst the backdrop of compassionate care and companionship, each day unfolds as a tapestry of shared experiences, reminding residents that though their pace may have slowed, their zest for life remains ever-present.
